Statements should be out early next week. Having a little issue with the good ole DOS based AR program which will hopefully be resolved by the end of the week!

Welcome to the 2021 season at Green Hills Golf Club! The Pro Shop will open Saturday, March 6 and the Restaurant will open Friday, March 12 for lunch and dinner! We are excited for you to come out and see the remodel of the inside of the clubhouse. As many of you know, the building was flooded last fall and insurance deemed the carpet needed replaced and the walls repaired. It has been quite the process, but everything has finally come together beautifully! With the Covid-19 vaccinations being administered to many in our area, we are optimistic that we will soon be able to return to full operations. Unfortunately, we feel Easter is a bit early to host our brunch so we are looking at Mother's Day for the return of that delicious buffet we were unable to offer last year. Make plans early to treat mom and bring her to Green Hills to enjoy! Finally, we want to sincerely thank all of our members who have stood with us and supported us throughout these Covid times. There is not enough gratitude to offer up to those of you who continued your membership even though we are offering some introductory discounted rates in order to keep the business to the standards you are accustomed. These rates will only be available until we are permitted to open fully and are able to recover our losses from the economic impact suffered due to forced closures and limited capacity constraints. Your friendship and patronage over these many years is quite a blessing and we look forward to many more to come. Weather is looking nice—hope to see you all soon!
